

Level 4 Professional Accounting Technician.

The Level 4 Professional Accounting Technician apprenticeship empowers your people to become capable, technically confident professionals who can apply core accounting principles, understand business frameworks, and support informed financial decision-making. Learners will develop practical accounting skills while working towards a recognised certificate or diploma level qualification with AAT, ACCA, CIMA or ICAEW. Through the programme, apprentices will build confidence in preparing financial statements, managing budgets, ensuring regulatory compliance, and supporting wider organisational goals. This apprenticeship is designed to build essential financial capability, analytical thinking, and the foundations required for progression to higher-level qualifications.

Once you complete the apprenticeship, you'll also gain free access to one paper from the next qualification level – giving you a head start on progression at no extra cost.

Who's it for?

This apprenticeship is suitable for individuals beginning or developing their career in accounting and finance. It supports those who want to work towards a recognised accounting qualification while applying their learning directly in the workplace. Typical job roles for this apprenticeship include Assistant Auditor, Assistant Management Accountant, Assistant Financial Accountant, Accounts Technician, and Finance Assistant.

What is included

✓ Momentum – exam-focused learning

Award-winning approach proven to increase first-attempt pass rates by around 20%

✓ Lifetime Pass Assurance

Unlimited access to learning materials and tutor support until you pass

✓ Expert tutor access

Direct contact with specialist, qualified A&T tutors and performance coaches and active forums for real-time guidance

✓ Data-driven support

Advisers use performance insights to deliver timely, targeted support and keep you on track

Business impacts

✓ Enhanced Financial Capability

Apprentices develop strong technical accounting skills, enabling your organisation to improve accuracy, streamline financial operations, and support business decision-making.

✓ Future-Focused Resource Planning

Learners gain an understanding of how financial information supports planning, forecasting, and long-term organisational sustainability.

✓ Stronger Compliance and Risk Management

With robust understanding of regulation, controls, and financial standards, apprentices help ensure compliance and reduce exposure to financial risk.

✓ Building High-Performing Finance Teams

By developing analytical, problem-solving, and communication skills, apprentices contribute more effectively while supporting continuous professional development.

Built for performance

- ✓ Programmes designed and delivered by industry experts
- ✓ Dedicated Performance Coach, qualified in both coaching and their specialist subject area
- ✓ Backup from a multidisciplinary performance team
- ✓ Market-leading online live learning experience
- ✓ 24/7 access to programme materials, enrichment resources, study support and specialist insight via our virtual learning platform
- ✓ Mentoring, networking and peer support through BPP Community, including our Student Ambassador Network
- ✓ Learning pathways built using a 'stretch and challenge' model by design, meaning each learner is pushed to their maximum abilities
- ✓ Progression pathways that can take you from entry level to specialist expert
- ✓ Dedicated Functional Skills support if required

Programme overview.

Apprenticeship standard:

Professional Accounting Technician

Cost: £12,000

Duration: 18 months

Entry requirements

To apply for Level 4 AAT, we strongly advise that you complete the Level 3 AAT qualification or apprenticeship first.

All apprentices must be employed in a role relevant to the programme to be eligible to apply.

As a minimum learners will need to have:

- Five GCSEs at grades 9 to 4 (A* to C)
- Level 3 qualification such as A-Levels (or equivalent)

Prepare for the challenges of tomorrow

Get ahead of evolving workforce skills needs

Every BPP apprentice has access to our exclusive Emerging Skills programme.

Comprised of four bespoke courses, the programme combines expertise from BPP, Microsoft and xUnlocked to give learners essential knowledge and skills in the rapidly emerging areas of AI, cyber security and sustainability.

- ✓ Available to all learners at no extra cost
- ✓ Accessible anytime, anywhere via our virtual learning platform
- ✓ Self-paced learning to fit into any busy schedule

Programme contents

Generative AI Fundamentals (Four modules)

Developed by BPP's expert data scientists, this course offers an introduction to working with generative AI effectively, safely and ethically.

Introduction to Sustainability (Six modules)

Developed in partnership with sustainability experts, xUnlocked, this course builds fundamental knowledge on sustainability and sustainable working practices.

Microsoft AI and Security Essentials (Seven modules)

This course begins with a core AI Essentials pathway, followed by a choice between AI Fundamentals or Security. Microsoft digital badges are awarded throughout, with the option to earn a recognised Microsoft Certification upon completion.

Cyber Security (Three modules)

Designed by BPP's cyber experts, this course provides a clear and practical introduction to the importance of cyber security, the most common attack techniques everyone should be aware of, and the fast-changing digital threat landscape.
