# Level 4 Data Analyst.

Ideal for professionals who are required to produce advanced analysis and are typically in data specialist, business intelligence or management information roles. Develop your knowledge in data structures, database systems and procedures for data analytics. Explore various tools that enable different types of analysis, while progressing towards Advanced Methods in Data Science and Big Data Analytics.

Through the unique partnership with Grant Thornton, this programme offers a holistic understanding of the broader commercial context, looking at the people and business skills that go hand in hand with data analysis to maximise its potential. To apply for this programme you must be employed in a relevant role, and have achieved five GCSEs grade A – C (9 – 4 on the new grading system) or Level 3 qualification achieved by either one or more A-Levels, NVQ/SVQ Level 3 or BTEC National.* Upon successful completion of the programme you will be exempt from the first year of the Level 6 BSc Digital Technology Solutions Professional Degree Programme with BPP.

21-month programme

Months 1	**Months 2-4**	**Months 5-7**
Induction and Digital Behaviours	Data Analyst Concepts	Data Analyst Tools
Introduction to Business Partnering	Commercial Fundamentals / Identifying Needs	Identifying Insights

Months 15-18	**Months 13-15**	**Months 8-12**
Gateway preparation	Visualisation Tools	Big Data Tools

Months 18-21

End Point Assessment
Assessed by external assessment body, BCS, you will complete the following:
Synoptic project
Professional discussion
Final portfolio
Graded: pass, fail, or distinction

Individually tailored learning
Guided by your Coach, there are opportunities to enhance knowledge beyond the curriculum by accessing additional resources within Pluralsight and LinkedIn learning. This includes the following: MS Excel - Intermediate, Azure and other leading programming and visualisation tools.

During months 2-17 you will be set a series of work-based activities related to your learning across 6 submission deadlines. These submissions showcase your development and how you have applied your learning back in the work place. These will go towards your final portfolio of evidence.

Structure and commitment

💬 Online coaching
Monthly one-to-one online coaching sessions with a dedicated Coach
1 hour

🖥 Online module delivery
Five modules are delivered via weekly live lectures
